

The Center for Systematic Entomology invites you to attend its Annual Conference

When: Saturday, February 10th, 2024
from 9 am to 6 pm

Come listen to your colleagues talk about Vietnamese *Nylanderia* ants, butterfly behavior in aggregations, genetic diversity of Lebeck mealybugs in Florida, mirid phylogenetics, broad-nosed weevils, Ichneumonids in Italy, isopods in Virginia, Z sex-chromosome evolution, effects on livestock on termites, edible *Ascrapentatomids*, scarabs from Costa Rica, Italian syrphid flies, bee interactions, global radiation of crambid moths, defensive reflex bleeding in mealybugs, and more.

No registration fees are required. Free parking.

Zoom address provided to attend the conference remotely, upon request.

Light breakfast will be available; lunch, coffee and teas will be provided for those attending in person.

Location: Upstairs conference room at the McGuire Center for Lepidoptera & Biodiversity, 3215 Hull Road, University of Florida, Gainesville, Florida. Enter through the side door of the McGuire Center if arriving before 10 am. After 10 am, use the main entrance of the Florida Museum of Natural History and follow the signs.
